

Dear Commissioners,  
K-LOVE radio provides an important service to my community. I am strongly concerned about this proposal to potentially replace FM translators (like K-LOVE) with LPFM.

K-LOVE provides a message of hope and encouragement for our community. The San Antonio area has been a strong financial supporter of K-LOVE, myself included, with the area frequently reaching pledge goals early. Local supporters, voting with their financial support, prove how valuable the service is to our community.

I believe losing K-LOVE to an LPFM station in the San Antonio area would negatively impact our community. The programming K-LOVE provides is unique in the area. The programming is professionally produced, with a message of hope and encouragement for those who might only be reached by a radio, whether at home, in their car, or elsewhere.

K-LOVE provides a valuable, essential service to our community. I remember a time before K-LOVE was on the air in San Antonio, and the difference is dramatic. While some LPFM proponents may argue FM translators have little value, they are incorrect in the case of K-LOVE radio. I believe K-LOVE radio has substantial value to our community, and communities nationwide.

Respectfully Yours,  
\*signed\*
